

Australian Government Department of Defence
In Association with Lockheed Martin Inc.
Presents

**Direct from Fort Worth, Texas! The First time in Australia!
- Perhaps**

Fifteen years in the Making! Budget: \$369 billion!

Box Office: \$30 billion (est.) so far.

Secretly ordered by Australia in 2002; ea: 100; Total Cost: \$16 billion

Investment so far: \$120 million; Delivery Date: Unknown.

Prognosis: Still not working and grounded for a second time!
Imagine what we could do if Australia stopped the purchase of this weapons system and invested in schools, jobs and healthcare? This is true security. Get involved and tell your Member of Parliament: Invest in People, Not Weapons.
