Presentation of the new coordination team of GCOMS 2018

To grow the movement, we developed a website where every GCOMS activist or future activist can learn about activities carried out during the year. Also, a lot of tips and toolkits are made available on the website. All those materials can be directly downloaded on the website by any activist wishing to participate to the campaign.

We are pleased to introduce you the new team that will coordinate GCOMS and GDAMS from the decentralized office of IPB in Barcelona, Spain. The team consists of (from left to right) Zoé Dubois, Nina Krotov, Jordi Calvo, Nora Miralles, Pere Ortega, Maria Vazquez and Pere Brunet.

The coordination team is composed of members of the Centre Delàs and local activists. It runs several tasks in order to allow for correct implementation of the campaign.

Send your plans to this e-mail address: coordination.gcoms@ipb.org and the team will be happy to share your planned actions on the GCOMS social media and website.

Don’t hesitate to follow us on Twitter: @DemilitarizeDay or on Facebook: where you will find all the real-times updates on various endeavours of committee and GDAMS events.
